**Bold indicates manufacturers Audio-Video Corporation is authorized to sell on NYS Contract.*

Whether you are communicating ideas, information, news or knowledge, we can help you select and integrate the most innovative technologies available to convey your message. We are a group of experienced and dedicated professionals with powerful ideas and the resources to turn them into realities.

With more than 60 years in the A/V and communications business we offer a "concept to completion" approach that includes consultation, design engineering, system installation, training, documentation, and post-sale support.

Above all, we approach every opportunity with integrity and the utmost commitment to you, our customer.
