Dear Mr. Matthew Flannigan:

I wanted to personally thank you for your participation in the 2008 GTC East Conference this year. Our 20th year anniversary of this event was an overwhelming success and I am delighted you joined. Without your commitment, our annual conference could not enjoy this type of longevity.

The estimated 4000 technology, policy and business decision makers who attended the conference were fortunate to have access to industry leaders like you. You provided invaluable information about the cutting-edge technology services and products you provide to solve today's government service delivery challenges.

On behalf of the GTC Advisory Board, we sincerely appreciate the time and resources you dedicated to ensure the conferences success. We look forward to seeing you at our 21<sup>st</sup> GTC East in 2009.

Cordially,

Melodie Mayberry-Stewart  
NYS State Chief Information Officer and  
Director of the NYS Office for Technology  
GTC East Advisory Board Chair
